

## FlexMountUV Air Purifiers

**FlexMountUV**

“Competitively priced FlexMountUV air purifiers are designed for fast, easy installation into virtually any forced air ductwork without cutting or drilling to maximize HVAC efficiency and significantly reduce airborne germs in the home.”

## WHAT IS A UV WHOLE HOUSE AIR PURIFICATION SYSTEM & WHY DO YOU NEED IT?

FlexMountUV uses single or dual high intensity ultraviolet (UVC) lamps to neutralize airborne germs and purify indoor air as it circulates through the HVAC system. When installed above or below the AC coil, FlexMountUV works to keep the coil free of biofilm so the HVAC system works more efficiently.

## WHY FIELD CONTROLS FLEXMOUNTUV?

FlexMountUV is designed for fast, flexible, and easy installation into virtually any forced air ductwork without having to cut or drill duct work. FlexMountUV features a patented 180° articulating arm so it fits in nearly any space. FlexMountUV also offers two mounting options: use the heavy duty magnet or the snap off mounting plate and 4 zip screws. The optional shield can be used to protect wiring and other parts from UV light. Plus the snap-in view port safety lets you know FlexMountUV is working.

### CONTRACTOR BENEFITS:

Simple & Flexible to install

- Complete kit, no additional parts required
  - 4 models, single and twin lamp
  - Mount via heavy-duty magnet or mounting plate
  - 180° articulating arm for flexible installation
  - Snap-in safety view port
  - Optional shield protects wiring and other parts
  - Easy lamp replacement
- Eligible for Contractors Rewards program

### HOMEOWNER BENEFITS:

Comfort & Health

- Neutralizes indoor air contaminants
  - Helps reduce asthma and allergy irritants
- Save on AC maintenance
- Keeps AC A-coil free from organic toxins
  - Enables AC to work more efficiently
  - Works continuously 24/7

## WHO IS FIELD CONTROLS?

Since 1927, Field Controls has focused on the development and manufacture of products that control, move, and improve the quality of air. Field Controls is part of The Heico Companies LLC.

- Excellent Customer Service and Tech Support
- Comprehensive training support
- ISO 9001:2008 certified
- Manufactured and assembled in USA
