

# Healthy Home Trio

“The Trio is a 3-in-1 whole house air purification system that traps airborne particles, neutralizes germs, and reduces odors.”

## WHAT IS A UV WHOLE HOUSE AIR PURIFICATION SYSTEM & WHY DO YOU NEED IT?

Indoor air quality is a potentially significant health issue. Energy efficient homes are tightly sealed and trap stale air. Add to this home, people, pets and chemicals and the air inside can be unhealthy. Germs, pet dander and VOCs from carpet, furniture, building materials and household cleaning products all contribute to unhealthy indoor air. According to the EPA, indoor air can be 2 to 5 times more polluted than outdoor air. The Asthma & Allergy Foundation states, 1 in 5 people suffer from severe allergies or asthma.

## WHY A FIELD CONTROLS HEALTHY HOME TRIO?

The most comprehensive solution to improve indoor air quality and protect your family and home is Field Controls' Healthy Home Trio. Our Trio air purification system is a tested and proven whole house IAQ solution. The Trio utilizes patented, Ozone Free technology, and is designed to easily install into existing ductwork and works in conjunction with the home's existing HVAC system and thermostat.

The Trio is actually three products in one.

- A MERV 13 High Efficiency Filter traps mold, bacteria, dust, dander, and pollen
- A Powerful UVC germicidal light neutralizes airborne bacteria, viruses, mold, and fungi
- PRO-Cell™ Technology is an exclusive Photo-Reactive Oxidation process that transforms odors and volatile organic compounds (VOCs) into harmless, odorless water vapor and carbon dioxide

### CONTRACTOR BENEFITS:

Fast & Simple to install

- 2 models: 1.5 to 3 tons and 3.5 to 5 tons
- Upgradable with HHSC+ control for 365/24/7 operation
- Seamlessly bolts onto existing duct systems
- Easy lamp replacement

Contractor Premium Direct Promotion

- Buy 5 get 1 Free

Eligible for Contractors Rewards program

### HOMEOWNER BENEFITS:

Purified Indoor Air

- Removes 80% of VOCs\*
- Eliminates 93.6% of germs\*\*
- Neutralizes 88% of odors\*

\*Ultra-Sun Technologies lab study.

\*\*HHPU independent lab study.

## WHO IS FIELD CONTROLS?

Since 1927, Field Controls has focused on the development and manufacture of products that control, move, and improve the quality of air. Field Controls is part of The Heico Companies LLC.

- Excellent Customer Service and Tech Support
- Comprehensive training support
- ISO 9001:2008 certified
- Manufactured and assembled in USA
