UV-Aire™

HEALTHY HOME SYSTEM™

Ultraviolet Germicidal Irradiation (UVGI) Air Treatment Products

Improve Indoor Air Quality by selecting a Potent Germ Neutralizer with high intensity Ultraviolet C-Band UVGI technology. The Center for Disease Control and Prevention (CDC) recommends the use of UVGI as an effective technology to minimize the spread of airborne microorganisms. The American Society of Heating and Air Conditioning Engineers (ASHRAE) has addressed concerns of contagious viral disease transmission with recommended mitigation strategies that include dilution fresh air ventilation, filtration, and UVGI.

FLEXMOUNTUV™

IN DUCT AIR PURIFIER AND COIL IRRADIATION

FlexMountUV is designed for installation into any HVAC system. Ideal for rooftop, up-flow, down-flow and horizontal applications and where mounting space is limited and penetration of the equipment jacket is undesirable.

UV-AIRE™

PROVEN POWERFUL IN-DUCT AIR PURIFIERS

UV-Aire purifiers can be integrated into any forced air ducted system. The UVGI light continuously attacks airborne mold, bacteria, and viruses as air circulates through the HVAC ducts.

HEALTHY HOME SYSTEM DUO™

IN-DUCT AIR PURIFIERS AND DEODORIZERS

Duo is an ultra-high intensity UVGI solution with more exposure in the treatment zone to neutralize germs in their tracks. Plus, PRO-Cell™, a PCO process that breaks down complex toxic organic compounds and chemicals into harmless carbon dioxide and microscopic water vapor.

HEALTHY HOME SYSTEM TRIO™

IN-DUCT AIR PURIFIER, DEODORIZER, AND AIR CLEANER

The Trio ducted 3-in-1 high efficiency system reduces germs, gases, and particulates. Packed with technology, Trio features a germicidal lamp UVGI, PRO-Cell, and Merv 13 filtration.

TRIO™ PORTABLE AIR PURIFIER

FOR ADDED PROTECTION IN ANY ROOM

The Trio Portable features high efficiency filtration, UVGI, and PRO-Cell. Recommended for use in bedrooms, nurseries, living spaces, dorm rooms, offices, kitchens or any space where extra protection is needed.

CUBE™ COMMERCIAL IAQ SOLUTION

MODULAR AIR PURIFIER, DEODORIZER, AND AIR CLEANER

Cube is a heavy duty, 3-in-1 air cleaning and purification system. Cube reduces germs with 6 UVC germicidal lamps, PRO-Cell technology breaks down toxic gases, and a MERV 13 filter that traps ultra-fine particulates. Bundle Cubes for larger systems.

BETTER AIR, FOR BETTER LIVING

The technology in Field Controls UVGI air treatment products is backed by science. The CDC, WHO, and ASHRAE all recommend UVGI for its air disinfection capabilities. Technology counts. Count on Field Controls for your indoor air quality solutions.
