

## ***Healthy Home System® Contractor Program***

---

### **CONTRACTOR PROGRAM**

The Healthy Home System (HHS) Contractor Program is a partnership between Field Controls, HHS Distributor and HHS Contractor. Field Controls will incentivize the Contractor with a Factory Rebate bi-annually for purchases of HHS Program Products listed on next page.

### **CONTRACTOR BENEFITS**

- **HHS Contractor Rebate**  
4% rebate paid on Contractor net HHS Distributor invoices of HHS Program Products.
  - Field Controls issues check in the name of the Contractor Business.
  - Rebate Checks are issued bi-annually and distributed according to the enrollment form.
- **Lead Generation**  
List your Company on the “Find A Dealer” locator at the Field Controls website.
- **HHS Contractor Toolbox**  
All Sales and Marketing Support is contained in the Contractor Toolbox and accessed through our website with a username and password. This connects you with valuable tools to support successful selling.
  - a. Profit Calculator shows the business value of quoting the HHS on every HVAC installation
  - b. Contractor Branded and Customizable Product Sell Sheets
  - c. Product Videos
  - d. Transportable website content and Search Engine Optimization (SEO) support
  - e. *Healthy Home System®* Marketing and Merchandising support
- **Training**  
In-person and virtual HHS product and benefit training is made available to you and your team.

### **CONTRACTOR REQUIREMENTS**

- **Enrollment**  
Your HHS Distributor can help you with this process to complete the Healthy Home System enrollment form.
- **Total Annual Purchases**  
\$2,500 annual minimum to earn rebate.
- **Product Training**  
Schedule and complete Technical Training covering 9 Program Products.
- **Commitment to Quote**  
The HHS Contractor will quote Field Controls HHS Program Products on every job.
