

TRIO Plus

HEPA, PRO-Cell™ & UVC Portable Air Purifier

MAXIMUM AIRFLOW FOR ADDED PROTECTION IN ANY SPACE

The TRIO Plus air purifier is a powerful portable air purification and filtration system. Quiet and efficient, the TRIO Plus, boasts a remarkable Clean Air Delivery Rate (CADR) of 305 and an airflow of 440 CFM. True HEPA filtration capturing >99.97% of 0.3- μ m particles, down to 0.1- μ m, two high-intensity UVC lamps, and PRO-Cell™ toxic gas reduction technologies combine to make the TRIO Plus a complete purification system designed for classrooms, businesses, homes, and any space that requires added protection.

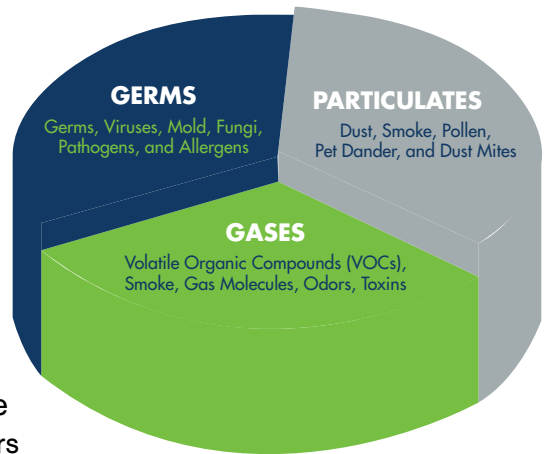

1 True HEPA and Carbon Filtration

- Pre-Filter captures hair and dander
- True HEPA traps 99.97% of 0.3- μ m particles, down to 0.1- μ m such as smoke, dust, pollen, and harmful PM2.5 particles
- Activated carbon absorbs toxic gases from smoke, household products, and cleaners

2 PRO-Cell VOC Reduction Technology

- Photo-Reactive Oxidation process breaks down toxic VOCs (Volatile Organic Compounds) into safe CO₂ and H₂O vapors

3 UVC Protection

- Two powerful UVC lamps for supplemental sanitation to reduce micro-organisms in the air

Operation of device does not replace the requirement for routine disinfection procedures

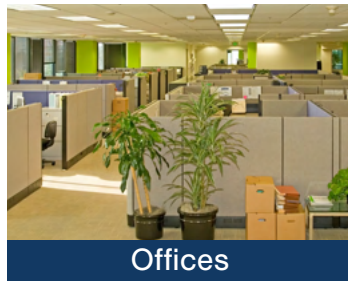

Consistent with WHO, ASHRAE and CDC guidance for addressing Indoor Air Quality - High Efficiency Filtration and UVC Air Treatment

TRIO Plus™ BETTER AIR, FOR BETTER LIVING

Classrooms

Offices

Beauty Salons

Restaurants

Gyms

Day Care Facilities

Doctors' Offices

Dorm Rooms

1 Multi-stage True HEPA Filtration
Traps particles such as smoke, dust, pollen, and PM2.5 particulates

2 Patented PRO-Cell™ Technology
Dramatically reduces toxic VOCs and odors

3 UVC Lamps
Help reduce spread of micro-organisms in the air

Safe to use: The UVC is enclosed in the device, preventing exposure, meeting emission requirements. Device features an automatic shut-off if opened during operation.

Technology Counts, Count on TRIO Plus

The technology in Field Controls air treatment products are backed by science. The CDC, WHO, and ASHRAE all recommend UVC and HEPA filtration for air disinfection. Count on Field Controls for indoor air quality solutions.

Meets California ozone emissions limit: CARB certified

Does Not Produce Ozone

The TRIO Plus meets California Air Resource Board's strict non-ozone emissions requirements

TRIO Plus can clean the air in a room up to 3,300 square feet in one hour and 1,650 square feet in 30 minutes.

TRIO PLUS PORTABLE AIR PURIFIER SPECIFICATIONS
