

HEALTHY HOME SYSTEM® DISTRIBUTOR PROGRAM

DISTRIBUTOR PROGRAM

The Healthy Home System (HHS) Distributor Program is a mutually beneficial partnership between Field Controls and the Distributor. The Distributor commits to stocking the ten HHS Program Products and their accessories listed on the next page and Field Controls will incentivize the distributor's qualifying HHS Contractors.

DISTRIBUTOR ADVANTAGES

- **Best Pricing & Maximum Profit**

Qualifying HHS Distributor receives List x .285 multiplier **BEST PRICING** on all IAQ products
Standard Multiplier is 0.33 for less than \$10K/year, 0.315 for \$10-50K/year, and 0.30 for \$50K+

- **Distributor Rebate Program**

Access to Field Controls' Annual Distributor Rebate Program (details available from your salesperson)

- **Contractor Connection**

The HHS Contractor Program works in parallel with the Distributor Program.

Qualified HHS Contractors will receive factory rebate of 4% on invoices through the qualified HHS distributor. Field Controls will promote the HHS Distributor to contractors via digital marketing to support the connection.

- **Priority Order Fulfillment**

HHS Distributor orders will receive fulfillment priority from Field Controls for HHS program products.

- **Sales & Support**

In-person and virtual HHS product and benefit training for all sales personnel.

Healthy Home System® Marketing and Merchandising support.

DISTRIBUTOR REQUIREMENTS

- **Opening Order Minimum**

Place a minimum \$7,500 opening order comprised exclusively of and inclusive of all HHS Program Products listed on the next page.

- **Annual Order Minimum**

Annual minimum purchases of \$30,000 of HHS Program Products.

- **Point of Sale (POS)**

Share your POS data bi-annually for contractor rebate disbursement.

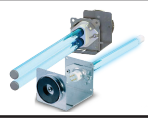

- **Scheduled Training**

Schedule training for your sales support personnel through a Field Controls Sales Representative.
