

Contractor Program Business Proposition

Contractor Program

The Healthy Home System (HHS) Partner Program is a partnership between Field Controls, HHS Distributor, and HHS Contractor. Field Controls will incentivize the contractor with a factory rebate bi-annually for purchases of HHS Program Products.

Contractor Benefits

- **HHS Contractor Rebate**
4% rebate paid on Contractor net HHS Distributor invoices of HHS Program Products.
 - Field Controls issues a check in the name of the Contractor Business
 - Rebate checks are issued bi-annually and distributed according to the enrollment form
- **Lead Generation**
List your company on the "Find A Dealer" locator on the Field Controls website.
- **HHS Contractor Toolbox**
All sales and marketing support is contained in the Contractor Toolbox and accessed through our website with a username and password. This connects you with valuable tools to support successful selling.
 1. Profit Calculator shows the business value of quoting the HHS on every HVAC installation
 2. Contractor branded and customizable product sell sheets
 3. Product Videos
 4. Transportable website content and Search Engine Optimization (SEO) support
 5. Healthy Home System® Marketing and Merchandising support
- **Training**
In-person and virtual HHS product and benefit training is made available to you and your team.

Contractor Requirements

- **Enrollment**
Your HHS Distributor can help you with this process to complete the Healthy Home System enrollment form.
- **Total Annual Purchases**
\$2,500 annual minimum to earn rebate.
- **Product Training**
Schedule and complete Technical Training covering 9 Program Products.
- **Commitment to Quote**
The HHS Contractor will quote Field Controls HHS Program Products on every job.

To Become a Healthy Home System Contractor

- Contact the HHS Program Administrator Latoya Poole Rhodes, 252-208-7325 or lpoole@fieldcontrols.com
